

The Littlehampton Academy

Modern Foreign Languages - Pathways in Year 8

We seek to provide flexible opportunities which will help all our students enjoy and achieve. From the start of Year 8 students may study up to two foreign languages, and you will have heard much recently about the importance of studying a language to GCSE.

Students can choose to:

- Continue with Spanish and choose to start French
- Continue with Spanish

A limited number of students receive additional Literacy support with Learning Support instead of Spanish based on individual needs.

The Parents' Consultation Evening on Tuesday 28 February provides an opportunity for parents to speak to staff before courses are finalised. Please contact Mrs Hedge, Chapter Administrator, if you would prefer us to make an appointment to discuss your queries at another time. **Please return this form to your child's Tutor by Thursday 1 March.** Thank you.
